Re Various Projects

For the attention of Bob Hill

Dear Sirs

May we take this opportunity to thank you for the service provided to our company over the last 18yrs and we would not hesitate to use you again on other coming projects.

You have worked with us on various projects, and we find your professionalism and commitment in getting tenders back on time and getting the job done on programme first class along with giving advise where and when needed.

There have been many occasions where you have provided us with a solution to design issues like acoustics or fire protection which gives us peace of mind knowing we are dealing with a company that cares.

Your approach and attention to detail is outstanding with you having the experience in all aspects of your industry. We also find that your operatives in the field show a good professional approach to all health and safety matters and we would have no hesitation in recommending you to any other prospective clients...

Thank you for a brilliant service.

Yours Faithfully
Geoff Riding
Operations Director
For And On behalf Of Clovemead Ltd
